1. Claims 1-28 are presented for examination.
2. This application is in condition for allowance except for the following formal matters:

Claim 5 is objected to because of the following informalities: this claim is depended on itself. It is apparently a typographical error. Appropriate correction is required.

Claim 5 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite in that it fails to point out what is exactly in the claim language. For example, the term "may be" renders the claim(s) indefinite and it is rendering the scope of the claim(s) uncertain.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

3. Claims 1-28 are allowable.
4. Pursuant to 37 C.F.R. 1.109 and M.P.E.P 1302.14, the following is an Examiner's Statement of Reasons for Allowance:

The prior arts of record do not teach or suggest a system and a method for managing a connectivity object for a mobile device, comprising the steps of: (a) obtaining a tree structure that includes connectivity parameters associated with the mobile device as part of the tree structure; b) and incorporating at least a portion of the tree structure into the mobile device.

The examiner considers the applicants' claims 1-28 to be allowable based on the claim interpretation and the aforesaid prior arts of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Krisna Lim whose telephone number is 571-272-3956. The examiner can normally be reached on Monday to Friday from 9:30 AM to 6:00 PM.
